

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1. (currently amended) ~~Formed particles comprising~~ A composition comprising amoxicillin, and clavulanic acid and an absorption enhancer ~~for amoxycillin.~~

Claim 2. (currently amended) The ~~particles composition~~ according to Claim 1, wherein amoxicillin is present in the form of amoxicillin trihydrate and clavulanic acid is present in the form of potassium clavulanate.

Claim 3. (currently amended) The ~~particles composition~~ according to Claim 1, wherein the ratio of amoxicillin to clavulanic acid is from 1:1 to 30:1.

Claim 4. (currently amended) The ~~particles composition~~ according to Claims ~~1 and~~ 3, wherein the ratio of amoxicillin to clavulanic acid is selected from the group consisting of 4:1, 7:1, 8:1, 12:1, 16:1, and 20:1.

Claim 5. (currently amended) The ~~particles composition~~ according to claim 1, wherein the absorption enhancer is selected from the group consisting of sodium deoxycholate, sodium taurocholate, polysorbate 80, sodium lauryl sulfate, sodium dodecylsulfate, octanoic acid, sodium docsate, sodium laurate, glyceride monolaurate, stearic acid, palmitinic acid, palmitooleinic acid, glycerilmonooleate, sodium taurocholate, ethylenediaminetetraacetic acid, sodium edentate, sodium citrate, β -cyclodextrine and sodium salicylate.

Claim 6. (currently amended) The ~~particles composition~~ according to claim 1, wherein the absorption enhancer is selected from the group consisting of sodium deoxycholate, sodium docusate and sodium lauryl sulfate.

Claim 7. (currently amended) The ~~particles composition~~ according to Claim 1, further comprising an excipients selected from the group consisting of fillers, binders, disintegrants, glidants, lubricants, and mixtures thereof.

Claim 8. (currently amended) The ~~particles composition~~ of Claim 1, which is prepared by wet granulation ~~using acetone~~.

Claim 9. (currently amended) The ~~particles composition~~ according to Claim 1, which is prepared by wet granulation using a binder dispersion in an organic solvent.

Claim 10. (currently amended) The ~~formed particles composition~~ according to claim ~~1 and~~ 9, wherein the binder is hydroxypropyl cellulose and/or polyvinylpyrrolidone.

Claim 11. (canceled).

Claim 12. (canceled).

Claim 13. (currently amended) The ~~pharmaceutical~~ composition according to Claim 12 in the form of a multiple unit formulation.

Claim 14. (currently amended) The ~~pharmaceutical~~ composition according to Claim 12 in the form of a tablet, capsule or sachet.

Claim 15. (currently amended) The ~~pharmaceutical~~ composition according to Claim 12, which is coated.

Claim 16. (canceled).

Claim 17. (canceled).

Claim 18. (currently amended) The ~~process~~composition according to claim 49 wherein the organic solvent is acetone.
